

In addition to Part-I (General Handout for all courses appended to the timetable) this portion gives further specific details regarding the course.

Course No. : MGTS F211
Course Title : Principles of Management
Instructor-in-charge : R. RAGHUNATHAN

1. Scope and Objective of the Course:

Conceived as an introductory course it skims over all areas in management. It sets out an elaborate framework and aims to explain the essentials in management. Students, who have had little or no exposure to the subject of management, will find it easy to learn it brick by brick and develop a strong foundation so that all future learning in the subject can be suitably slotted in. The objective of this course is to provide students with a compact kit of skills that will enable them to act as professional managers even without any prior work experience.
