

First Semester 2023-2024
Course Handout (Part-II)

Date: 11/08/2023

In addition to Part I (General Handout for all courses appended to the Time Table), this portion gives further specific details regarding the course.

Course No. : CS F491
Course Title : Special Projects
Instructor-in-Charge : DIPANJAN CHAKRABORTY

Course Description

This is an unstructured and open-ended course, in which under the overall supervision of an instructor-in-charge, batches of students will be attached to different instructors. Each batch will work on a specific time-bound project, which is of basic or peripheral concern of his / her discipline. Each student must submit a project report as a culmination of his endeavour and investigation. The instructor-in-charge will determine the choice of the project and also whether or not the project report is to be submitted jointly by a group or individually by a student. The course will aim to evaluate student's actual ability to use the fundamentals of knowledge and to meet new unknown situations as demonstrated by the students' interaction with the instructors and instructor-in-charge and aggregated in the project report. The instructor-in-charge may assign specific hours for formal brainstorming sessions.

Scope & Objective

The objective of this course is to train the students to apply their knowledge of the fundamental principles to the real-life problems of their own interest or the research-level problems in the interest of the scientific vision of the associated discipline and to meet the objectives of additional competence by them.
