Note: If any of the above date happens to be a Sunday or a holiday, the immediate next date will be the calendar date. FINAL THESIS REPORT should invariably be submitted on or before the above mentioned date.

1. Scope and Objective of the course

The aim of the thesis course is to train a student in the methodology of research, to cultivate a logical and creative thinking and to make him/her express his/her findings in the form of a scientific report. It also gives an opportunity to the student to comprehend his/her subject knowledge and apply it to the given problem.

2. Operation of the course

- a. The student should immediately chalk out a plan of work in consultation with the supervisor. The supervisor will spell out the objectives and expected rate of progress. Literature survey should be carried out to ascertain the current state of work in the proposed area of thesis. The detailed outline of the work must include a time schedule clearly indicating the intermediate milestones and the estimated time to reach the same. In this course, the student registers for 16 Units.
- b. Separate thesis topic has to be assigned to an individual student. Wherever the broad area is same, the aspects to be researched by an individual candidate should be clearly focused and spelt out.
- c. Within four weeks of registration, the student should submit his/her Thesis particulars to the DRC in **TS-1 Proforma**. Title of the thesis should be proper and should be indicative of the type of work done.
- d. Utmost care should be taken in the preparation of the MID-TERM and FINAL REPORT. A check-list of various items is provided and students should carefully go through the items. Supervisors are also requested to examine the draft of the MID-TERM and FINAL REPORT keeping in view the items in the checklist.
- e. ONE word-processed hard copy of **final thesis** is to be submitted to the supervisor on or before the last day of class work in the semester.

3. Evaluation

Evaluation is essentially individual oriented. The various components of evaluation along with the weightage of each component are given below:

Component	Weightage
Viva-I	20
Mid. sem. written report	10
Mid. sem. Presentation*	10
Viva –II	15
Final Thesis Report*	25
Final Viva-voce*	20

*Mid. Sem Presentation, Final Thesis Report and Final Viva are to be jointly evaluated by the supervisor and the examiners appointed by the supervisor/ DRC.

The evaluation will recognize the day-to-day work involvement and motivation of the student during the thesis work. Evaluation in various components shall take into account of work progress and performance, technical/professional competence, documentation and expression, initiative and

d originality, punctuality and reliability, self-reliance, and acquisition of special skills. The student should extend full cooperation to his supervisor and interact with him in advance about the time, venue and mode of each evaluation. He/she should regularly meet his supervisor and present his/her work periodically. Proposed examiners shall be invited to attend Mid Semester presentation and viva sessions.

4. Grading Procedure

Grading will be done mainly on the basis of the progress made towards attaining the overall objectives of the Thesis. The supervisor shall evaluate various prescribed components of evaluation before the submission of final thesis. The final thesis and performance in the final viva are to be jointly evaluated by the panel consisting of supervisor and examiner appointed by the DRC.

Supervisor should make the Final Thesis Report available to the examiners well in advance. Before sending, he/she should check the contents of the Thesis, verify the checklist and sign the 'Certificate from the Supervisor'. Evaluation in various components can be done on the basis of marks or grades. However, the recommendations for the final award shall invariably be made in terms of one of the prescribed grades, viz. **A/A-/B/B-/C/C-/D/E**. The student will have to defend the work appearing in his/her thesis before the panel of examiners. Detailed outline of work and the mid-semester written report submitted by the student should be made available by the Supervisor to the examiner. Before giving recommendations for the final grade in the thesis, the examiners shall also take a note of the overall performance of the candidate as indicated through various reports, mid-semester grade, etc. A proper correlation amongst the various reports, final thesis and performance in the viva shall guide the recommendations for the final award.

5. Mid-semester Grading

This will be announced by the supervisor to his/her student as per the date mentioned above.

6. Make-up Policy

As thesis is a full time involvement and hence there is no scope for any make up in this course.

7. Attendance and Routine Matters

- i. Thesis is a full time involvement and it is the responsibility of the student to be in full attendance. He should be available for interaction as frequently as desired by supervisor. In his mid-semester report, the student should state quantitatively his attendance for all the working days falling in the period of the report. A student is liable to be awarded NC if he does not cooperate with his supervisor.
- ii. Every student has to sign his attendance regularly with the supervisor or as per the alternative arrangement made by the supervisor. An attendance sheet is being provided for this purpose to the supervisor. The candidate should apply and seek prior permission of his supervisor for going on leave for any genuine needs.
- iii. If the leave of absence exceeds SEVEN days in the entire semester, the recommended final grade by the examiners may be revised by the supervisor/DRC.
- iv. For routine matters such as work place, laboratory help, contingency expenditure etc., the concerned HoD may be contacted through the supervisor.

- v. For using central facilities like Computer Center, Instrumentation, Workshop, CAL lab, various stores, etc., students must follow the procedures laid down by the respective In charges of the facility.
- vi. For field trips out of Hyderabad, a complete plan indicating purpose, Duration and place of work should be given through the supervisor to DRC in advance for his approval. (Also consult Academic Regulations 6.21).
- vii. The final viva cannot be held before the date on which comprehensive exam begins. The exact dates of final viva are scheduled by DRC spanning within the comprehensive examination period. However, depending on the exigencies of individual situation, these dates may be changed. Therefore, the students should plan in such a manner so that they are available till the end of comprehensive examination in the semester. If the THESIS is not submitted on the last day of class work as stipulated and examiners do not have sufficient time to read the Report, student will only be responsible for any delay in holding the Viva on the announced date.
- viii. The format of “Thesis Cover/ Title page”, “Certificate from the Supervisor” and “Thesis abstract” are appended.

NO OTHER FORMAT SHOULD BE USED. Abstract of the thesis should invariably be included in the thesis in the prescribed format. Suggested sequence for the organization of the Final Thesis is given below:

- i. First page (inner cover)
- ii. Acknowledgement
- iii. Certificate from the Supervisor
- iv. List of Symbols & Abbreviations used
- v. Thesis Abstract
- vi. Table of Contents
- vii. Chapters 1, 2, 3, etc.
- viii. Conclusion
- ix. Appendices
- x. Bibliography/References (in standard format) List of Publications/Conference
- xi. Publications or Presentations, if any.

Each student is expected to learn the standard methodology of presenting references and bibliographical details through Library/self-study work. The student also can consult supervisor. Standard format should be used while reporting the same in Thesis. Mere reproduction from the books/papers should be avoided as it means “plagiarism” or copyright issues and relevant portion should only be referred. BITS Pilani is committed to check on such issues and subscribed to “Turnitin” software for checking the similarity index.

8. Chamber Consultation Hours

Each student is expected to fix up consultation hours with his supervisor. He can meet the Instructor-in-Charge (Associate Dean, AUGSD) with a prior appointment.

9. Course Notices

All the notices issued by the DRC shall be placed on the Department Notice Board.

10. Check List of Items for Final Report of First Degree Thesis

1. Is the Report's 'Cover/Title page' in proper format?
2. Is 'Supervisor's Certificate' in proper format? Has it been signed?
3. Is 'Abstract' included in the Report? Is it in proper format?
4. Does the 'Contents' page include chapter page numbers?
5. Does the Report contain a summary of the literature survey?
6.
 - a. Are the pages numbered properly?
 - b. Are the figures numbered properly?
 - c. Are the tables numbered properly?
 - d. Are the figures and tables titled properly?
 - e. Are the appendices numbered?
7. Does the Report contain 'Conclusion' of the work?
8. Are References/Bibliography given in the Report?
9. Have the 'References' been cited in the Report?
10. Is the citation of 'References and Bibliography' in the standard format?

Attention should be paid on the above items while preparing the FINAL REPORT. Supervisors are also requested to ensure that their candidate(s) have prepared the FINAL REPORT properly.

OPERATIONAL DETAILS FOR SUPERVISORS

1. Please ask the thesis student to submit completely filled TS-1 form to DRC.
2. Please suggest a panel of two examiners for evaluation of the thesis. Accordingly, the proposed examiners shall be contacted to obtain their consent.
3. Details of the evaluation are given in the handout. The marks/grades obtained in each of the component should be entered in the Final evaluation form. The record should be kept ready for examination at a very short notice.
4. The recommended Mid-semester grade may be announced by the supervisor to his student directly.
5. The supervisor shall invite the proposed examiners only for the mid-semester, other presentation and final evaluation components.
6. Supervisors should send the recommended mid-term and Final semester evaluation form to the DRC as per the date mentioned above
7. The supervisor shall send the soft copy of the mid-term and final thesis with “Turnitin receipt” and “Turnitin originality report” to DRC.
8. The grades in Thesis are in terms of **A/A-/B/B-/C/C-/D/E**.
9. If the leave of absence exceeds SEVEN days in a semester the recommended final grade may be revised by the Instructor/ Instructor-in-Charge. Supervisors are requested to verify the number of days a student has been on leave or on approved field trips.

Routine matters

1. Every student has to sign his attendance regularly with his supervisor in the attendance sheet. The signed attendance sheet should be returned to the DRC along with the Final Evaluation Form.
2. A student should not take more than seven days of leave in a semester. The supervisor may directly sanction him leave. If his absence exceeds more than seven days his overall recommended grades may be revised by the Instructor.
3. If the performance of the student is below expectation and if he is not cooperating, the supervisor should hold discussions with him and counsel him on this aspect. If he still does not improve, a written warning should be given to him with a copy endorsed to DRC.
4. For field trips of students outside Hyderabad, a complete plan indicating purpose, duration and place of work should be given to DRC in advance for his approval.
5. One copy of all reports sent to DRC should be retained. Entry in the evaluation form should be made regularly.
6. Student should be kept informed of his performance in various components of evaluation.
7. The supervisors are requested to adhere to the dates given in the Calendar of Events.
8. In FINAL THESIS REPORT specified formats of Cover/Title page, Supervisor's Certificate and Thesis abstract have to be adhered. Thesis has to be word processed/typed on A4 size white paper. References should be cited in a standard manner.
9. Supervisor should check the contents of the thesis and sign the certificate page before sending it to the examiners and DRC.
10. Classify the Thesis topic in one of the Areas of Research given in the Bulletin.
