BIRLA INSTITUTE OF TECHNOLOGY AND SCIENCE, PILANI HYDERABAD CAMPUS

FIRST SEMESTER 2022-2023

Course Handout (Part II)

Date: 29/08/2022

In addition to Part-I (General Handout for all courses appended to the time table) this portion

gives further specific details regarding the course.

Course No : PHY F266

Course Title : Study Project

Instructor-in-charge : Sarmistha Banik

1. Scope and Objective of the course:

It aims at developing the skills for research oriented study in different branches of Physics.

The 'Study project' will enable students to get basic knowledge of a specific topic by literature survey i.e. through reading peer reviewed journal articles and advanced text books and then implementing the ideas to solve a specific computational/experimental problem. As a part of education, this project course follows a method of learning and, therefore, the student's actual day-to-day task involvement would constitute the central thread of the learning process. The evaluation will recognize this aspect by demanding day-to-day productivity and punctuality of the student.

2. Course Plan:

The plan of work for each student will be decided by the respective Instructors. Each student should adhere to the plan of work decided for and should regularly monitor the progress of the project accordingly.

3. Evaluation Scheme

5. Evaluation Scheme				
Components	Weightage (%)		Due Date	
(a) Project Title & Plan of Work	05	12 th Septembe	r, 2022	
(b) Presentation 1	15	12 th October, 2	2022	
(c) Mid Semester Report	15	10 th November, 2022		
(d) Presentation 2 (Mid Semester)		10 on or be	efore November	
10 th , 2022				

(e) Final Report	25	13 th December, 2022
(f) Final Presentation and Viva	20	on or before December
(g) Weekly interactions and Diary		10 Continuous

4. Midsemester grading:

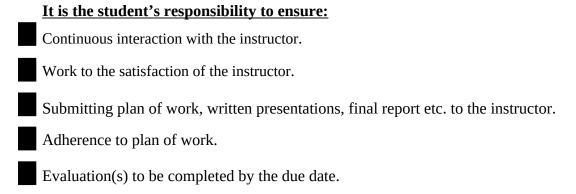

Mid-semester grading will be done on the basis of the components a, b, c and d of the evaluation scheme.

5. Grading Procedure:

In addition to what is mentioned in Part I of handout, the grading will be done mainly on the basis of the progress made towards attainment of the project objectives and will recognize that each Instructor has given specific task situation in which the student participates in a cognitive manner. Thus, each Instructor will recommend a grade for his student for the consideration of the Instructor-in-charge. In a specialized course of this nature the respective Instructor's assessment of the student vis-à-vis the objective of the project would be the central criterion for arriving at final grade.

6. Notices: All notices pertaining to this course will be put up on the Physics Notice Boards.

7. General

8. Project Report

The project report shall be submitted to the instructor. The reports will be checked by the instructor using **Turnitin** software. A soft copy of the midsem and final report along with the turnitin report and receipt is to be submitted to the Instructor in-charge through your instructor.

9. Academic Honesty and Integrity Policy: Academic honesty and integrity are to be maintained by all the students throughout the semester and no type of academic dishonesty is acceptable.
